Personal Environmental Monitoring

Listen Ear™ Noise Dose Alert

The Pambry Personal Noise Dose Alert is a small battery powered unit that measures the noise dose over an 8 hour daily period of time from the moment you switch it on, and indicates whether the noise dose in your environment is acceptably low or too high via an optical and vibrating alert.

KEY FEATURES

- Self-contained unit
- Simple to use
- Long battery life
- Optical and Vibration alert
- Patented anti-knock feature*

*Patent No: GB 2 551 724

Listen Ear™ Noise Level Alert

The Pambry Personal Noise Level Alert is a small battery powered unit that measures the current noise level and indicates whether the noise level in your environment is acceptably low or too high via an optical and vibrating alert.

KEY FEATURES

- Self-contained unit
- Simple to use
- Long battery life
- Optical and Vibration alert
- Patented anti-knock feature*

*Patent No: GB 2 551 724

Pambry Air Quality Alert - CO_2

The Pambry Personal Air Quality Alert - CO_2 (Indoor) is a small battery powered unit that measures the INDOOR levels of Carbon Dioxide (CO_2) in real time and indicates whether the Air Quality in your environment is acceptable or too poor via an optical and vibrating alert.

KEY FEATURES

- Self-contained unit
- Simple to use
- Long battery life
- Optical and Vibration alert
- Photoacoustic sensor technology PASens®
- Automatic self-calibration

Pambry Air Quality Alert - NO_2 / O_3

The Pambry Personal Air Quality Alert - NO_2/O_3 (Outdoor) is a small battery powered unit that measures the OUTDOOR levels of Nitrogen Dioxide and Ozone (NO_2/O_3) in real time and indicates whether the Air Quality in your environment is acceptable or too poor via an optical and vibrating alert.

KEY FEATURES

- Self-contained unit
- Simple to use
- Long battery life
- Optical and Vibration alert
- Outdoor Nitrogen Dioxide and Ozone monitoring

Personal Environmental Monitoring

PRODUCT RANGE

Multi-functional Personal Environmental Monitor

PED 1780

KEY FEATURES

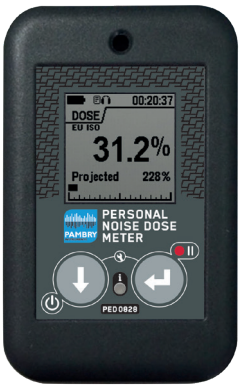
- Up to 4 gas sensors, or 1 gas sensor and particulate sensor.
- Monitor PM 1.0, 2.5, 4.0 and 10 simultaneously.
- Noise Dose / Level, Temperature & Humidity Monitoring.
- Download data to PC for record retention and reporting.
- Visual / Audible Warning of hazards.
- Battery life up to 160hrs.

Listen Ear™ Personal Noise Dose Meter

PED 0828

KEY FEATURES

- Compact and light weight design to clip on during the working day.
- Complies to the 'Control of Noise at Work Regulations 2005 (UK)' and international standards: IEC 61672-1, IEC 61252.
- View instantaneous noise level and total exposure of the day on clear LCD display.
- Battery time 160 hours / 4 working weeks between recharges.



Listen Ear™ Noise Dose Alert

PED 1704-D

KEY FEATURES

- Self-contained unit
- Simple to use
- Long battery life
- Optical and Vibration alert
- Patented anti-knock feature (Patent No: GB 2 551 724)

Listen Ear™ Noise Level Alert

PED 1704-L

KEY FEATURES

- Self-contained unit
- Simple to use
- Long battery life
- Optical and Vibration alert
- Patented anti-knock feature (Patent No: GB 2 551 724)

Pambry Air Quality Alert - CO_2

PED 1721-CO2

KEY FEATURES

- Self-contained unit
- Simple to use
- Long battery life
- Optical and Vibration alert
- Photoacoustic sensor technology PASens®
- Automatic self-calibration

Pambry Air Quality Alert - NO_2 / O_3

PED 1721-NO2

KEY FEATURES

- Self-contained unit
- Simple to use
- Long battery life
- Optical and Vibration alert
- Outdoor Nitrogen Dioxide and Ozone monitoring
